Motion put forward *Neil White, 2nd Ryan Sawatzky*

Changes to Minutes:

- None

### Finance Report

- Account Receivable -
- Insurance Claims - None
- Reserve Fund -
- Maintenance Estimates -
- Loans - None
- Note -

## Maintenance Report

### New:

-

### Open:

- Unit 49 sink hole developing in front of garage - No updated on this issue - Turns out this slipped through the cracks. Will have to get this checked out - *This is on hold until Spring*
- Unit 11 Hand Rails, Stairs and Back Deck Pickets - Scheduled for this summer - Still on going - Hand Rails have been completed still on going - Waiting for a completion list from Triton - Hand Rail was completed however spindles and stairs did not get done - *Come this spring/summer will replace the entire front steps*
- Unit 43 concerned about blue siding between the two garages - Still on going but as far as I know we have replaced this a few times & for some reason it still comes off - There has been more blue siding purchased and we will get this replaced - *This is on hold until Spring*
- Unit 61 - Siding near back deck - *This was just brought to my attention during this meeting this is on hold until Spring*
- Chris to speak with Bungler to see if he wants to continue working around the condo units again - Chris has spoken with him. Chris to draft up a contract between Bungler and YKCC6 - Meho Bungler said that he will continue the grounds keeping as long as we pay him as agreed - Chris left me a message to approve the invoice in the December meeting for Meho Bungler for the months of July August, September & October 2015 for the amount of \$1200.00 - *This has been approved and the cheques have just been signed by Greg. Cheques to be delivered soon. Linsey also noted that we should also make note for the other months we will already owe him for which will be November, December & January. Perhaps we can get him paid every quarter might be easier on the financial books*

- Unit 15 - Street Lights - I have noticed that the street lights around 13,15 and 21 at gold city are out, they need to be looked at asap. There is no lighting on our corner. I also noticed that our website is at least two years behind, who is responsible for updating this website and when will it be updated. - Yes I noticed this the other day to. But last I checked it was working. I'm not to sure if anyone did anything. I didn't see any other emails about it. I've been out of town for the last little while here. If it's still happening let me know. Either way I will add this to the meeting minutes. As for the website we are the ones that look after it however it has been sort of abandoned we are looking for people who can do this for us. The prices seem to be high so we were hoping to take care of this in house. Either way if I get elected to be on the board again next year I think we need to allocate founds to have our website taken care of via third party. Best to have something then nothing - Dan Replied Neil, What did you find out about the lights?, as well, do we have the blankets on those tanks yet, if so, sign me up to help. Cheers - Neil Replied Hi Dan, Well I didn't find out much except for the key that I have doesn't seem to open up that lock on the shack. I thought it was frozen so I put a blow torch on it to warm it up a little but it still didn't turn. So I have to rely on Triton to get back to me on this one - *Looks like some breakers where shut off and the other two have a sensor or wiring issue. This will be looked at in the Spring*

### Closed:

- Unit 521 Propane Heater Pipe Issue - Unit owner was told not to use this - Unit holder said they are not using it & haven't seen any signs that this pipe is still being used will check again when it gets colder - Greg going to swing by one last time before closing this off - *No visible sign of usage*

### Emails

### New:

- Unit 47 has sold and there will be new owners as of March 1, 2016

## Open:

- Unit 519 old unit holder over charged condo fee goes way back to March 2013 - *Still on going*
- Unit 26 Moving would like to make sure that the December Condo Fees do not come out of current Unit holders account - Still on going - *This was going back to November of 2014. We did end up taking out Decembers condo Fees, I am awaiting confirmation if this was resolved.*
- Unit 25 Condo Fees has set up time table with Triton to pay off outstanding condo fees and fill out a Direct Payment Authorization form - Still on going - *Awaiting confirmation if this was resolved.*
- Unit 17 Condo Fees same sort of deal as Unit 519 somehow roped into that email instead of a separate email - *Still on going*
- Triton - Propane Blankets - Hi Ryan, I picked up the three(3) New Propane Blankets from Superior Propane and they are in the storage area under Unit 5. So when you have a chance we need these put on. If you need a hand let me know I am available tomorrow afternoon. The two units that need them for sure are between Unit 69 & 71. There is a Propane unit that is between Units 21 & 23 its kinds half done this is where the third propane blanket is going to go. There is a blanket that wraps half way around the tank that I think actually belongs to one of the Playground units beside Unit 28. The other half of that blanket was torn badly. I am not to sure is we ended up taking it to the dump or not. There may still be another long side under Unit 5 although it maybe all ripped up but best to put on to the Propane Unit beside Unit 28 - *Got confirmation from Greg that Ryan(Triton) will have his guys get this done.*
- Unit 11 - Linsey Hope - Reimbursement for receipts from the AGM - Hope to get this approved & repaid in September - Chris M signed the cheque and Ryan(Triton) has it - *Well not to sure what officially happened to the other cheque but this was resigned by Greg cheque to be delivered soon*

## Closed:

- Unit 515 - Old owner sent email on October 23, 2015 stating that she sold her unit and would like to stop paying the Condo Fee - I sent her an email November 1, 2015 letting her know that the info was forwarded to Triton, I asked when the new owners take possession she replied October 22, 2015 - *I was informed that this has been completed*
- Unit 503 Wanting to know if her Dad(Bungers) is going to be paid for the ground maintenance - I haven't heard anything back from Chris on this issue - *This is taken care of under Open Maintenance*
- Unit 24 - Water Dripping from Ceiling - Dale Crouch wanted to advise you that I have a tenant at 24 Gold City Court that is complaining of water dripping from their ceiling in the bathroom off the master bedroom. This is on the top floor so the ceiling would be the last barrier to the roof space above. Since this happened starting yesterday as the weather warmed up a bit. My guess is that it might be frozen condensation that has thawed and fell back down. I will have a look at it on Sunday and possibly even install a timer on the fan to ensure ventilation keeps running. But since it is the first time this has been reported, I wanted to let you know in case it needs someone to go into the roof space. It is not pouring out, it was just a drip at a fairly even rate (as reported by the tenant) enough to catch with a towel or small bucket - Neil replied Thanks of the information. I have forwarded this off to our maintenance person as well - Greg replied Thanks for the heads up, I occasionally have the same problem in my unit as well and starts when the temperature is in the make condensation area. I do find that running the fan usually takes care of the problem - *I haven't heard anything back so assuming that all is good now*

## Website:

- Website - Colin and Andrew looking into. Website vs Facebook vs Gmail or perhaps all - There has been no movement on this - For the last few months I have been trying my website creativity as I am no expert but the website has changed a little. Not one hundred percent correct as of yet but better then what it was still on going - *Neil has been working with Kellett Communications and is now able to upload and arrange content onto the website. Would like to present a 100% working website by the next AGM.*

## Outstanding Items & Task:

### New:

- *Greg I stated that it was ok to put his cell number under contacts under the website this will be done soon. Cell number is 867-445-1991.*

### Open:

- Maintenance Contract - *Draft found and given to Greg for review*
- Parking Passes - *As we still need 2/3 of the condo association to sign this a Notice of change to By-Laws draft has been written up and will be emailed out to Unit Owners. It has not been determined yet how we are gong to get these signatures*
- Jersey Barrier - Greg to order some up - *There has been no movement on this*
- Propane Blankets - We found out that two blankets were damaged and the other two didn't fit the tanks. I am assuming that the small White/Blue Propane tanks vs the Small Green Propane tanks are slightly different sizes thus what was meant for the small Green got put on the small White/Blue to make things easier we are going to see if we have enough money to order four more 500 Gallons(Small Green Propane Tanks) blankets either through Superior Propane or directly from InsulationSnakes - Blankets where ordered and have arrived just need to put them on - *Email sent to Triton to get these put on.*

- Garbage Bins - The cost of our Garbage bins are costing us a large enough sum that we looked into purchasing two garbage bins vs renting. Doing the quick numbers on this it looks like the purchase of two garbage bins would pay for itself in 3 years. Our current garbage bins has lasted 20 or so years with a lid replacement of one bin. More needs to be done to determine if we will move forward with this - Last few meetings didn't happen still on going - *Colin to get back to me on exact details and cost as getting the Garbage Bins up here cost more then we thought*

### Closed:

-

### Seasonal On Holds:

- Eaves Troughing repair and replacement - No schedule as of yet Triton has been in contact with them - Looks like some of these will need to be replaced and some just re-aligned
- Playground needs sand and grass cut. Repairs to equipment as needed. Also check into price of new playground equipment - Andrew raked the playground area. Linsey to look into the cost of a new playground. Linsey to show Triton the possible dangers of the playground so this can be fixed - Haven't heard any outcome on this issue yet. - Triton & Linsey never got a chance to get together this past summer. However Linsey did look up a comparable play structure from BlueImp. Cost of replacement Approximately \$20,000.00. We may be able to get used play structure equipment from downtown daycare.

### Adjournment:

- 20:00
