New:

- Unit 71 - August 27, 2017. Unit owner developing sink hole behind front step. Is very concerned that it will cause a bigger hole, especially when it rains - *August 29, 2017 hole was filled with gravel in hopes to keep from getting any bigger. Unit owner is not impressed with the results.*
- Unit 521 - August 28, 2017. No shut off valve inside unit. Email sent to Triton and Greg - *August 30, 2017 we feel the other unit owner beside this unit shut off the main water valve thus shutting off the water to this unit. There should be a unit shut off. Triton to look into this with Wiseman plumbing.*

Open:

- Unit 515 - On January 23, 2017 it was noticed that there seems to be some siding damage done to the building via an email from Ryan S. There is pictures looks like the trailer is to close to the building. Looks like this trailer is used for skidoos - The siding will have to be fixed come summer. However the person we have on record we are sure sold the unit. Therefore we do not know who the owner is. We also don't know if this unit is rented out or not. Colin C to find out this information - May 16, 2017 and email was sent to the person we have on file to help clear this up for us. Same day I got an email back stating that the unit was sold in October 2015 - May 18, 2017 we found out who the owners are their information has been updated - July 5, 2017 it was decided that the trailer needs to be moved in accordance with our by-laws. The siding still needs to be fixed should be completed by end of August - Email sent to unit owner to please remove the trailer from the common area - As of August 28, 2017 the trailer is still there - *As of August 30 the siding has been fixed however the trailer is still in the same location. Another email will be sent to unit owner to remove it.*
- Main Water Pipes - It was discussed that we need to have Main Shutoff, Supply & Return lines looked into either install or replace. We are also wanting to get a Scope of Work before anything takes place - July 5, 2017 the Scope of Work and

Map is done. Ryan to email the board with this info before Tuesday July 11, 2017 - As of July 20, 2017 a copy of the SOW has been received & approved. This has been sent out for tender to three contractors. Wiseman Plumbing & Heating, Central Mechanical & Polar Ice Mechanical Plumbing & Heating - July 31, 2017 the board received the quotes for doing this work - *As of mid August this has been in progress with Wiseman plumbing.*

- Utilidor - Between unit 45 & 47 the top needs to be replaced.
- Unit 505 - Skirting needs to be replaced
- Unit 5 - Water pipes under this unit had a slow misty like leak. Left a very large ice hill behind. Triton knows about this. They fixed the issue however to get into the storage area they had to cut the door in half. They also have to wait for the ice to melt - July 5, 2017. The ice has melted the door will be fixed with a new sheet of plywood by July 14, 2017 - July 20, 2017 To save some money since we are still replacing some decks & the door that we need is a small door we are going to reuse any good portion of the plywood that is removed. Expected to be done by end of August - *This has been completed.*
- Paint - A few owners are looking for some paint - May 18, 2017 we discussed that we will look into the cost of hiring a painter to paint our decks, stairs, fences. Mean while we will still provide paint to owners who still want to paint for themselves. July 5, 2017 there was a few different views on this. We still would like those unit owners who want to paint their own deck, fence, stairs they by all means do so. For those who have raw wood still showing after one year and do not want to paint then the board will apply a levy to the unit owner for the cost of how ever much it cost to do the work. We are doing this so our property as a whole looks the same. An email will go out to unit owners to let them know the boards plan - July 30, 2017 email sent out to all unit owners stating if they would like to paint their decks, stairs themselves they can do so by either asking for paint or getting the paint themselves & the board will reimburse their expense. Also mentioned about a levy for next year - *The email went out a little late so we will be bringing this up again next year.*
