Year of 2022.
- Vinyl on Decks - As of October 24, 2019 this did not go as planned for installation. As the season has now gone we will do this in the summer of 2020. This is the shortened version. For full details go to meeting minutes October 2019 - As of May 28, 2020 we need to wait for the evening weather to be above 10 degrees ever night in order to insure the glue to bond correctly with the wood. It was also brought up that if the area's in which the Aurora & Triton need to work is not cleared then Triton will remove the items off the Top, Bottom & Front deck at a cost of \$150.00 which will be invoiced to the unit owner - As of June Duradek has begun - *As of September 24, 2020 unit 501-521 have been completed back & front. All 56 units front top steps have been done. Will continue next year.*
- Unit 515 - As of October 24, 2019 it was noted that the insulation on the sewer line for 515 was found to be wet when unit 517 was re-insulated & the contractor suggested that it should be looked at to see if it was the sewer line or just carry-over from when unit 517 was leaking - As of November 21, 2019 turns out the insulation was wet due to the broken sewage line. Pipe was fixed & re-insulated by CMS. Will make note in Seasonal On Holds that the underneath of this fourplex needs to be cleaned up come summer - As of May 28, 2020 just waiting for the underside to be a little more dry so the final clean up can be done - As of June 18, 2020 still ongoing. Will get Triton to check 515-521 - *As of September 24, 2020 this has been completed.*
- Water Insurance - It was brought to our attention that we are all paying the same water insurance amount per individual unit, however we figure that this amount should be divided by 56 units or water main services. As far as we know we only get 4 water

main services from the city - As of August 22, 2019 this will be put in seasonal on holds - This is the shortened version. For full details go to meeting minutes November 2019.

- Unit 47 - Parking - At the top of the hill we need to add the “No Parking” with lines as people are running over Unit 47 garden area to get to a non parking spot - As of October 24, 2019 as the season has now gone we will do this in the summer of 2020. This is the shortened version. For full details go to meeting minutes November 2019.
- Road Work - It was noted that the road going around our complex had a few pot holes. Some cold patching work before winter needs to take place - As of October 18, 2018 was unable to get this done before the colder weather will put this in Seasonal on Holds - As of May 30, 2019 as soon as the weather permits this will be done - As of June 20, 2019 it looks like some spots where done but not all. Still ongoing - As of July 18, 2019 still ongoing - As of August 19, 2019 Unit 41 sent an email stating that the pot holes are getting bigger, possible sink holes - As of August 22, 2019 this will be done in September - As of October 24, 2019 this has been completed - As of December 19, 2019 this is to be moved to seasonal on holds - *As of July 16, 2020 starting schedule for ash fault replacement to take place in 2021.*
- All front Units - Come summer need to check for sewer piping under front fourplexes - *As of May 28, 2020 it was decided that this will be checked under all units.*
